

Will Morocco set up an electric vehicle battery plant?

Last year, the Moroccan government and China's Gotion agreed to look into setting up an electric vehicle battery plant in the kingdom with up to \$6.3 billion in eventual investment. Industry minister Ryad Mezzour told Reuters last month the Gotion project was advancing with discussions on the footprint and location.

Will Morocco build a lithium refinery & cathode plant?

Morocco gained a further boost on Sunday after South Korea's LG Chem and China's Huayou Cobalt said they would build a lithium refinery and cathode materials plant in the country.

Will China and Shinzoom set up two separate battery plants in Morocco?

RABAT, May 15 (Reuters) - Chinese auto battery manufacturers Hailiang and Shinzoom will set up two separate plants in Morocco, as the country seeks to adapt its growing automotive sector to increasing demand for electric vehicles, Moroccan officials said on Tuesday.

Is CNGR launching a new EV plant in Morocco?

By contrast, in Morocco "we may have ground breaking already next month", he said. The plant, in which CNGR will jointly invest with Al Mada, a conglomerate owned by the Moroccan royal family, will generate enough material for 1mn EVs a year. Lahrs added that there was significant potential to expand beyond that.

How many electric cars will Morocco produce a year?

The planned annual production is 70 GWh. That should be enough for more than one million electric vehicles. Production is mainly for export to meet the high demand in Europe and America - but the partners do not name potential customers. The investment volume is about 20 billion Moroccan dirhams (1.8 billion euros).

What will CNGR and Al Mada do in Morocco?

CNGR and Al Mada plan to build a plant in Jorf Lasfar in the El Jadida region of Morocco to process national raw materials (especially cobalt, phosphate and manganese) into battery components. The focus will be on producing precursors for NCM and LFP cathode materials. The plant will also include recycling facilities.
