

55 Gallon switch cabinet that goes around the tv

You could make it look like a TV screen/gaming setup, a boat/submarine window, cover it in lots of fake vines and plants, make the sides into a book shelf (fake with wallpaper or real), loads ...

I made my 55 g stand out of an old cabinet. I elected to reinforce it with 2x4"s in a ring around the top, then make pillars to support it all the way to the ground. I'm not sure if any of that was ...
