

8200 movement failure unable to store energy

What happens when the power fails for the 8200+?

If the power fails for longer than the selected power fail recover time for the 8200+, it will power up in one of four power fail recover modes: stop, hold, run, or restart. If the power failure is shorter than the power fail recover time setting, or if the setting is 0:00:00, the 8200+ will recover by returning to its last mode of operation.

Is Miyota 8200 a good movement?

The Miyota 8200 movement is roughly equivalent to the Seiko 7s26A. The 8200 can be manually wound but does not hack. It is Citizen's entry level work horse movement. It is robust, reliable and a good time keeper. Out of the box, they tend to be slightly better regulated than the Seiko.

What is citizen caliber 8200?

(Add your watch in the comments below...) The Citizen caliber 8200 (8200A) is an automatic movement with 21 jewels and a frequency of 21,600 vph. This caliber is made in Japan by Miyota (a division of Citizen Watch). The Citizen caliber 8200 appears to basically be Citizen's branded version of the Miyota (owned by Citizen) caliber 8205.

Does 8200 rotor hack?

Rear view of 8200 movement. It has RF inscribed under the balance. This movement hand winds and hacks. 8200 rotor, it is very shiny, looks like chrome plate. Now the proposed donor 8200a. The rotor reads 8200A Unadjusted. This movement hand winds but does not hack. Next the 8200 dial which appears genuine to me.

Is the Seiko 8200 a Chinese version?

The 8200a one is in English and French and has 4 holes in the shape of a circle around the centre similar to most Seiko ones I have seen. Hopefully this will help shed more light on the subject. Ok, the movement with the metal parts is definitely a Chinese copy of the 8200.

Is this a real 8200 calibre?

The movement with the plastic parts is the real 8200 calibre. The one with metal parts is either an older 6xxx or 5xxx model or it may be a Chinese clone. Do you have a pic of the other side of the metal parts one? Wear your water resistant watch where others fear to swim!
