There are currently about 140 battery stations in Spain, the head of Acciona's mobility business, Carlos Sotelo, said, adding the company was targeting more than 200 by the end of the year.

ACCIONA is deploying a network of battery swap stations, which will reach 100 stations in Spain's main cities before the end of the year. This same system is used by ACCIONA staff to replace batteries directly for sharing services. This eliminates the need for auxiliary vehicles such as vans, which take up public space and generate urban traffic.

Battery station La bater#237;a de las motos Silence cuenta con un sistema de extracci#243;n f#225;cil que permite transportarla con facilidad y llevarla a casa, al trabajo o a una "Battery station".

Carlos Sotelo, CEO of Silence and Mobility Acciona explains, "the user arrives and has an already charged battery at his disposal". The executive adds, "we are talking about a system that is more economical and cleaner than petrol". The exchange station ...

can locate the nearest exchanger in the Silence Battery Station app and reserve a battery. Once there, they deposit their battery in an available charging point and take another that is fully charged. Silence's batteries are also used in the Seat M#243; electric scooters--by ACCIONA's subsidiary-- and in ACCIONA's urban mobility service units.

ACCIONA y Cepsa han alcanzado un acuerdo para llevar a cabo una prueba piloto que permita desarrollar una red de intercambiadores de bater#237;as en estaciones de servicio de Cepsa para ...

En la actualidad, el fabricante, que fue adquirido por Acciona en 2021, suma cerca de 650 usuarios en Espa#241;a de sus motos el#233;ctricas con el modelo de suscripci#243;n por uso de la bater#237;a, y ya en ...

BATTERY STATION - ACCIONA SILENCE. El transporte en Espa#241;a es responsable de aproximadamente el 30% de emisiones recogidas en el inventario nacional. As#237;, este proyecto se alinea con la estrategia de Europa ...

Cepsa service stations for the electric vehicles manufactured by Silence, a subsidiary of the ACCIONA Group. Through this ...

ACCIONA ha anunciado hoy la puesta en marcha de la comercializaci3n de su nuevo NanoCar Silence S04, un veh3culo biplaza ligero, 100% el3ctrico y de cuatro ruedas, dise1ado espec3ficamente para la vida urbana. ... extraerse como si fueran un trolley y pueden cargarse en cualquier enchufe dom3stico o reemplazarse en una de las 120 battery ...

There are currently about 140 battery stations in Spain, the head of Acciona's mobility business, Carlos Sotelo, said, adding the company was targeting more than 200 by the end of the year. Drive ...

The first battery exchanger under a joint project for Silence electric vehicles is now operational at a Cepsa station in Barcelona; ACCIONA and Cepsa have reached an agreement to conduct a pilot program to develop a network of battery exchangers at Cepsa service stations for the electric vehicles manufactured by Silence, a subsidiary of the ACCIONA Group.

Gracias a los intercambiadores, "Battery Station", los operarios de ACCIONA se trasladan en la misma moto y sustituyen una bater3a por otra en apenas 30 segundos. El usuario final siempre tiene la bater3a cargada, pero las tareas log3sticas se reducen de manera notable, con todas las implicaciones para el tr3fico rodado que ello conlleva.

There are currently about 140 battery stations in Spain, the head of Acciona's mobility business, Carlos Sotelo, said, adding the company was targeting more than 200 by the end of the year. Being able to swap batteries in roughly 30 seconds addresses concerns around battery range, he said.

ACCIONA has connected Spain's first renewable storage plant using recycled batteries to the grid, at the company's experimental photovoltaic park in Tudela (Navarre). The set of four second-life batteries, with a combined capacity of 130kWh, will store the energy obtained from the 1.2MWp plant to later inject it into the grid and analyze ...
