

## Ada compliant outdoor solar battery station height

IntroductionConditions For ExceptionsTrailsTrailheads and Trail FacilitiesOutdoor Recreation Access RoutesOutdoor Constructed FeaturesCamping Facilities and Camp SheltersThe Access Board is responsible for developing accessibility guidelines for the construction and alteration of facilities covered by the Americans with Disabilities Act (ADA) of 1990 and the Architectural Barriers Act (ABA) of 1968. The guidelines ensure that the facilities are readily accessible to and usable by people with disabilities. See more on [access-board.gov](https://www.access-board.gov)Minnesota Pollution Control Agency[PDF]ADA Requirements for EV Charging StationsInstall bollards that are 3-feet to 4-feet in height to protect the station equipment from accidental impact (if stand-alone charging station). If the stations require payment, they must be Payment ...
