

Who is advanced energy?

Advanced Energy - a global leader in power solutions- expands global footprint with new facility in Penang,Malaysia to serve semiconductor and industrial customers in a region known for its rich community of high-tech manufacturing experts.

Where is advanced energy located?

Situated in the heart of Southeast Asia on the country's northwest coast by the Malacca Strait,the state of Penanghas long served as an important outlet to the markets of Europe and the Middle East,making it an ideal location for Advanced Energy's state-of-the-art manufacturing facility. This press release features multimedia.

Why should we open a new Penang facility?

new Penang facility serves to diversify and expand our global footprintto better serve our customers and stakeholders near their locations. Given Southeast Asia's reputation for top technical talent and as an emerging hub of global innovation,opening a facility in the region simply make sense.
