

Who is APN solar?

With extensive expertise in solar technology, engineering, and project management, we have established ourselves as a trusted name in the renewable energy industry. APN is a registered certified company with ISO 9001 & 2015, ISO 45001:2018, and ISO 14001: 2015 & OEM Manufacture TUV-Rhineland & BIS Certified with Award Winning recognition in India.

Can solar power plants help Bhutan achieve energy security?

The Solar Plant in Rubesa is one such initiative that takes Bhutan a step closer to achieving energy security through a diversified and sustainable energy supply mix. The project particularly demonstrates the viability of solar power plants on a utility-scale.

Is grid-tied solar a viable alternative energy source in Bhutan?

The commissioning and inauguration of the 180kW grid-tied ground mounted solar photo-voltaic power plant marks the start of Bhutan's investment in grid-tied solar energy as a viable alternative energy source in the face of soaring domestic demand and climate change.

What makes APN a sustainable company?

APN is committed to creating a sustainable future by integrating Solar energy solutions. We recognize the urgent need to transition to clean energy sources and reduce our carbon footprint, and that's why we offer comprehensive services for solar installation infrastructure.

Who inaugurated a solar photo-voltaic power plant in Bhutan?

On October 4, 2021, the Chairperson of the National Council of Bhutan, Lyonpo Tashi Dorji, inaugurated the 180kW grid-tied ground-mounted Solar Photo-Voltaic Power Plant at Rubesa, Wangdue Phodrang.

Why should Bhutan invest in solar power?

Like hydropower, sun is a bountiful resource Bhutan can tap into for producing renewable energy in keeping with our carbon neutrality commitments and also for enhancing energy security through diversification of energy sources. The commissioning and inauguration of the 180kW grid-tied ground mounted solar photo-voltaic power plant
