Who are probe industrial technologies?

Probe Industrial Technologies, Probenenergy and Probe Integrated Mining Technologies (IMT) are specialised divisions of the integrated group. We supply and provide aftermarket support for leading global brands and our Probe ranges, including Probe batteries, ProbeAir compressors and Probenenergy power solutions.

What happened to probe group in 2019?

In 2019, Probe's mining division had grown to the point of requiring its own division and formally separated from other divisions to concentrate Probe's efforts to service the mining industry. Alternative energy also became a significant focus for the Probe Group in 2019 as it became evident that this was the future of energy storage.

Who is Probe Corporation?

Currently, the Probe Corporation and its subsidiaries are specialised industrial equipment suppliers, providing aftermarket support for global and local brands. Our trademarked Probe ranges, including Probe batteries, ProbeAir compressors and Probenenergy alternative power solutions remain market leaders for all of SADC.

Probe is South Africa's largest distributor of premium, maintenance-free, fit and forget batteries and a leader in rotating electrics, with over 50 years of experience in distributing and providing aftermarket support for many international brands.
