Starsight Energy | 6,327 followers on LinkedIn. West Africa's leading Commercial and Industrial off-grid clean energy provider. | Starsight is the leading West African Commercial & Industrial (C& I) energy-as-a-service provider. It has deployed approximately 48 MW of generation assets and 35 MWh of storage at over 500 sites in all Nigerian states and Ghana. ...

We are proud to be supported by leading investors Helios Investment Partners and African Infrastructure Investment Managers (AIIM). With a strong commitment to sustainability, extensive experience in the African infrastructure sector, and a deep understanding of local markets, our shareholders bring invaluable expertise to our mission of advancing clean energy solutions ...

Nigeria's Starsight Energy and South Africa's SolarAfrica said on 1 August they had completed their merger deal, first announced in September 2022. The deal creates one of Africa's largest renewable energy-focused commercial and industrial players.

Starsight Energy installs solar power systems with battery storage for continuous power, switching between solar, generator, national grid, and battery storage. Energy Optimization Services: Starsight Energy conducts load analysis, modeling, and designs customized solutions to optimize energy efficiency and cost savings.

With AIIM's support, Starsight Energy is able to measure the unit economics of each deployment and ensure prices are fair to the customer supply power efficiently. This is done through a combination of newly developed solar and hybrid generation systems, energy storage capacity and cooling-as-a-service solutions.

Our operations out of Accra lead the charge in generating clean energy to meet the needs of Ghana. Our highly experienced and industry-certified team works to serve a diverse range of clients, ranging from banks and manufacturing companies to schools and hospitals.
