

What is Pixii Powershaper XD?

The Pixii PowerShaper XD, is a fully integrated IP55 modular energy storage system designed for easy deployment, high energy density, low noise stand alone or grid connected power. Utilising Pixii Energy Architect (EMS).

What is the warranty on the Pixii Powershaper?

Outdoor use, IP55, ventilated cabinet. Warranty extension (paid) up to 10 years. Prices on request. The Pixii Powershaper hybrid storage solution is unique on the market and allows a wide range of applications (optimization of self-consumption, anti-black-out, micro-grid, off-grid).

What is a pixiibox 48V bi-directional inverter-rectifier?

Endowed with a unique modularity thanks to the unparalleled compactness (3 KG /3.3 kVA) of the Pixiibox 48V bi-directional inverter-rectifiers, the latter are at the heart of the Pixii Powershaper system and provide several functions: Discharge of batteries to the network and/or to downstream consumers.

Which batteries are compatible with pixiibox inverters?

Pixiibox inverters not only allow wide compatibility with a range of 48V CANBUS lithium batteries (LG CHEM, Polarium), but also the support of 48V batteries without BMS (LTO Zenaji batteries, etc.) thus allowing great flexibility in the choice of possible configurations.

As a Norwegian company, Pixii takes pride in adhering to the highest standards of quality and security. Our robust approach to product development, manufacturing, and maintenance integrates multi-layered security protocols, well-documented product specifications, component-level traceability, online yield monitoring during production, stringent testing ...

The Pixii solution is fully integrated and comes with our user-friendly Pixii gateway web app, allowing for easy installation with minimal on-site work. Our team of engineers have combined their extensive expertise and knowledge of the ...

The PowerShaper can provide a variety of energy saving or grid supporting services. These functions can be executed autonomously ... Pixii PowerShaper Applicable standards Safety IEC/EN 62109-1, IEC/EN 62109-2, IEC/EN 62040-1, IEC/EN 62477, (Batteries) IEC 62619, IEC 62368, UN38.3, RPEQ

The brain in the Pixii PowerShaper is a powerful controller - the Pixii Gateway - overseeing all internal functions as well as interoperability with the outside world. Pixii Gateway. Within the Pixii PowerShaper is an advanced controller unit with a variety of connections, ports, inputs and outputs. The Pixii Gateway enables measurement of ...

The Pixii PowerShaper Indoor is a modular battery energy storage system that scales to your needs. It comes with smart functionality like time shift and peak shaving to reduce your energy cost, and it's fully integrated, enabling you to get the most out of your new or existing solar panels. Now you can take part in the flexibility market and ...

The Pixii Home battery energy storage system is quick to install and easy to use, helping you get more out of your solar panels and reduce your dependency on the grid. Pixii Home is a compact, all-in-one solution that combines cost-saving ...

Through this collaboration, Pixii's advanced battery storage system for households - Pixii Home - will be integrated with Greenely's services, enhancing the capacity of Greenely's Virtual Power Plant and offering customers a more energy-conscious solution.

This collaboration brings together Pixii's BESS technology and FLEXeCHARGE's grid integration platform, optimizing operations at EV charging stations for Charge Point Operators (CPOs). The partnership aims to enhance grid flexibility and support increased demand at busy charging stations by integrating Pixii's battery systems with EV ...

We've taken delivery of the next key component of our net zero project - The Pixii PowerShaper. This impressive piece of kit is a modular and integrated energy storage system, scalable to the power and energy required ...

The PowerBase is a robust energy storage system built on a steel frame with the footprint of a standard ISO 20-foot container. Pre-wired and pre-configured, it minimizes installation costs and delivery time, accommodating up to 12 Pixii PowerShaper cabinets with a ...

As part of our commitment to support India's renewable energy goals, Pixii has opened a new office in New Delhi. This marks an exciting new chapter in our global journey, as we help drive the energy transition in one of the world's ...

The Pixii Academy is an online support portal designed to help partners and installers educate themselves on the latest in Pixii's modular BESS technologies. ... This specialized online course on the physical installation of PowerShaper XL systems is designed for installers, aggregators, and other business partners. The program provides ...

Pixii POWERSHAPER2 100 kW / 100 kWh, Gewerbespeicher Zellchemie LFP 83,33 kWh nutzbar, 100 kW WR schnelle Lieferung Kostenloser Experten-Service Jetzt günstig kaufen! ... Pixii Filter mit PowerShaper XL 120 kW / 400 kWh, Fan LV ...

Pixii PowerBase XL - Preconfigured skid, 540kW up to 1,8MWh A practical solution for energy needs. Part of the PowerShaper XL product family, the PowerBase XL offers 530kW power and 1.8MWh storage

capacity. It's designed for scalability and easy integration, making it ideal for large-scale energy demands. ...

The system includes the Pixii Gateway controller, which provides advanced monitoring and control as well as communication and interoperability via the internet, Wi-Fi, or the wireless network. For applications requiring more power or energy, several PowerShaper cabinets can be operated as a single system. The PowerShaper is typically used in

The Pixii Academy is an online support portal designed to help partners and installers educate themselves on the latest in Pixii's modular BESS technologies. ... This specialized online course on the physical installation of PowerShaper ...
