

Bonaire Sint Eustatius and Saba bw energy storage systems

Why did we choose BW energy storage systems?

We have chosen BW Energy Storage Systems because of their expertise in energy systems and our shared long-term view on the necessary developments needed to secure the functionality of our national grids. This makes them an excellent partner at this stage of Ingrid Capacity's development". Says Ibrahim Baylan, board member of Ingrid Capacity.

How much does energy cost in Bonaire?

This profile provides a snapshot of the energy landscape of Bonaire, a special municipality of the Kingdom of the Netherlands located on the coast of Venezuela. Bonaire's utility rates are approximately \$0.35 per kilowatt-hour (kWh), above the Caribbean regional average of \$0.33/kWh.

How will bw ESS invest in Ingrid capacity?

The investment of about SEK 1bn will be used to both accelerate Ingrid Capacity's growth trajectory and to execute on 400MW of energy storage, in a strategic partnership with BW ESS. BW Group has a long history as an investor in the energy value chain and a growing portfolio of sustainable energy investments.
