

Who is Bramble Energy Limited?

Bramble Energy Limited |13,126 followers on LinkedIn. Powering Net Zero |Bramble is a technology company on a mission to drive transformational change in the energy sector worldwide. With their PCB-X platform, the company is accelerating global decarbonisation and creating viable clean energy.

What is home for Bramble energy?

Home for Bramble Energy is a state-of-the-art facility in Gatwick, UK, where they have launched their portable power product range and are developing their high-power density, liquid-cooled fuel cell systems under the same scalable low-cost technology platform.

What is Bramble energy?

Bramble Energy was born out of the desire to construct hydrogen fuel cells using existing materials and manufacturing techniques with well-established supply chains; thereby solving perhaps the greatest barriers to the adoption of fuel cells; manufacturing complexity and scale-up.

What makes Bramble a good company?

We're a purpose-led, driven and inspiring workplace. Bramble is accelerating global decarbonisation and creating viable clean energy technology, with the PCB-X(TM) platform. PCB-X(TM) delivers carbon-neutral energy with unlimited applications.

How much funding did Bramble energy get?

Bramble Energy successfully secured £5 million in funding in July 2020, raised an additional £35 million in February 2022, and in May 2023, was awarded £12 Million in funding from the Advanced Propulsion Centre to provide its fuel cell technology to a hydrogen bus project. Ends About Bramble Energy

Is Bramble a patent protected fuel cell?

A patent protected fuel cell that can be manufactured in almost all printed circuit board (PCB) factories worldwide. Bramble is fast becoming the leading hydrogen fuel cell provider for a cleaner and more sustainable world.

Power the hydrogen economy with PCB electrolyzers. Bramble's electrolyzers break down barriers to production. By harnessing manufacturing processes from the electronics industry, we produce high performance, very low-cost and ...

Bramble Energy are excited to announce an initial interaction with Alcraft Motors Ltd. Alcraft Motors are a British car company focused on developing unique low-carbon vehicles and technologies; making dynamic, ...
