

Who is Doosan Power Systems?

Doosan Power Systems builds, maintains and extends the life of power plants across the world. We unite the rich heritage of Doosan Lentjes and Doosan Babcock in advanced steam generation, waste-to-energy and nuclear with the global leadership of Doosan Infracore Power in the design and manufacture of turbines.

Who is Doosan Babcock?

Doosan Babcock is a power sector OEM, construction, upgrade and after-market services company that offers specialist technologies to the fossil-fired power generation, nuclear power generation, and oil, gas and petrochemical industries.

Why should you choose Doosan Power Systems?

Supported by our global service capabilities, this winning combination gives Doosan Power Systems the capability to provide efficient and cost-effective solutions that create real value for our customers and their assets around the world.

Who is Doosan Lentjes?

Doosan Lentjes is a specialist engineering, design and construction business that provides proprietary waste-to-energy services and technologies, circulating fluidised bed (CFB) boiler technologies and air quality control systems (AQCS) to the thermal power generation, industrial and municipal sectors.
