

What is a dualsun solar panel?

DualSun aims to reduce the energy consumption of buildings by producing solar heat and electricity. Briefly, the DualSun solar panel is an advanced hybrid solar(PV-T) technology that produces simultaneously electricity (photovoltaic) and hot water (solar thermal).

Are dualsun solar panels low-carbon?

Dualsun presents a complete range of photovoltaic panels, with each model adapted to a specific project type. Dualsun offers a range of solar panels 100% low-carbon, with a firm commitment to sustainability, recyclability and low-carbon energy. Dualsun SPRING produces electricity at the front and hot water at the back, doubling the solar output.

Where are dualsun solar panels made?

Designed in France Dualsun's R&D center is based in Marseille, France and our engineers innovate continuously to reduce the environmental impact of our solar panels. Your solar project from A to Z Dualsun is more than a solar panel manufacturer. With our online services, we guide our clients and partners from design to installation and beyond.

This is the first industrial project in Bulgaria built entirely with double-sided HJT solar panels. During their production, we fully complied with the requirements of the ...

Sofia, Munich (16/12/2022): The construction of Bulgaria's largest solar power plant is due to be completed by spring 2023. The new power plant, south of Sofia will generate green electricity ...

Significant savings Save up to 90% on your overall energy bill (including hot water, electricity and heating) from the first year of installation.; High performance The system energetical performance is on average 1.2 times higher than a ...

The zero energy solar pool. With Dualsun SPRING hybrid panels, you can reduce or eliminate expenses of your pool with clean, stable and 100% renewable energy. 3x more energy. For the pool heating solution, the Dualsun SPRING ...

This is the first industrial project in Bulgaria built entirely with double-sided HJT solar panels. During their production, we fully complied with the requirements of the engineering team of Inercom - the company that builds ...

Solarni paneli s Half-Cut kletki (Half-Cut Solar Panels) Standartnite kletki sa razdeleni na dve, koeto podobryava effektivnostta i nadezhdnostta na panela.
