

When is release by Scatec launching solar plants in Cameroon?

22 September 2023,Cameroon: Today,Release by Scatec celebrates the inauguration of the solar plants in Cameroon. Release entered into a lease agreement with ENEO,an electricity company,in 2021 to deliver two solar hybrid and battery storage plants that have a combined capacity of 36MW solar and 20MW/19MWh of storage.

Does Scatec have a solar power plant in Cameroon?

10 June 2024,Cameroon/Norway: Release by Scatec has entered into two new lease agreements with the national electricity company ENEO in Cameroon,expanding its existing solar and battery storage power plants in the country to 64.4 MWof solar and 38.2 MWh of batteries.

Are solar power plants a reality in Cameroon?

The facilities,which have been in service for several months,serve the northern part of Cameroon. Large-scale solar energy production is now a realityin Cameroon. On Friday 22 September 2023,Cameroon's Minister of Water and Energy Gaston Eloundou Essomba inaugurated two photovoltaic solar power plants in the Far North and North regions.

Where are Eneo solar & battery storage plants located in Cameroon?

Release entered into a lease agreement with ENEO,an electricity company,in 2021 to deliver two solar hybrid and battery storage plants that have a combined capacity of 36MW solar and 20MW/19MWh of storage. The plants are located in Maroua and Guider,in the Grand-North Cameroon.

How much energy will release supply in Cameroon?

When the extensions of the projects are completed,Release's projects in totality will supply energy to about 200,000 householdsin Cameroon,according to ENEO estimates,generating an annual production of about 141.5 GWh of electricity.

Does Cameroon have a stable electricity supply?

There have been reports of significant improvements of electricity supply in the northern parts of Cameroon. Regions that fall under the Northern Interconnected Network were prone to experiencing power outages. Today we are proud to say that they have more stable power in the countrycourtesy to our rapidly deployable leasing solution.

Release completed the already existing solar plants in Maroua and Guider in Cameroon (35.8 MW solar and 19 MWh BESS) in September 2023, and is now adding 28.6 MW of solar and 19.2 MWh of battery storage.

Scatec has signed two new lease agreements with Cameroon's national electricity company, ENEO, to expand its solar and battery storage power plants. These expansions will add 28.6 MW of solar power and 19.2 MWh
