

A refurbished Graco X5 or X7 (or the harbor freight knock off) would be a better choice. A battery powered sprayer isn't a good choice for stain. You can get the X5 for under 200 and the X7 for ...

Mix the baking soda and water, either in a cup or on the brush. Don't do this on the battery case itself. Apply the mixture slowly at first. Use the brush first to sweep corrosion off ...

Second, you can just cut the wires to the battery pack one wire at a time, then connect the new pack to the same color wire in the vacuum, doesn't have to be a wire nut, any kind of wire ...

The drying time for fence stain can vary depending on several factors, including the type of stain used, the ambient temperature, and humidity levels. Generally, most stains will feel dry to the ...

Is spraying stain beginner-friendly? With practice, it can be. Start with a test piece, and once you get the hang of it, you'll find it's a quick and efficient way to apply stain. ...
