

Who is Centro energy?

about US Centro Energy is a cell-to-module manufacturing facility employing state-of-the-art robotic equipment located in China, as well as an international photovoltaic system integrator. For Manufacturing, we have 400MW solar cells and 800MW solar modules in China.

What can Centro energy do for You?

Currently Centro Energy could provide customers with mono and poly crystalline solar cells, standard solar modules, black solar modules, smart modules as well as customized products like OEM and ODM. Meanwhile, we invest more in R&D advancing our technology to rapidly increase our energy efficiency and provide stable quality.

How many in-plant tests does Centro energy implement?

In all aspects of solar cells and modules manufacturing, Centro Energy implements more than 30 in-plant tests standards covering visual inspection, testing heat, El test, etc. It's much more stringent than the industrial standards.

Currently Centro Energy could provide customers with mono and poly crystalline solar cells, standard solar modules, black solar modules, smart modules as well as customized products like OEM and ODM. Meanwhile, we invest more in R&D advancing our technology to rapidly increase our energy efficiency and provide stable quality.

Centro-Energy. Oferujemy najlepsze systemy fotowoltaiczne - zajmujemy się ich projektowaniem, dystrybucją oraz instalacją. Dostarczamy rozwiązania dla domów i firm, zapewniając najwyższą jakość komponentów, kompleksową realizację i w pełni indywidualne podejście do każdego Klienta. WEB-TECH Strony internetowe Kraków ...
