

Established in 2005, SHENZHEN HEADSUN TECHNOLOGY is a Shenzhen, Guangdong, China based company. Our company is appreciated globally for bringing into use energy management products and electronic products like Server Cabinet, Busway, Battery Monitoring System, Rack, Modular IDC products and PDU.

Eaton's high-voltage power distribution units (PDUs) and power distribution elements (PDEs) deliver power to all critical loads within the electric vehicle (EV) system -- including traction and auxiliary loads -- while protecting electrical ...

As a manufacturer in China, we are proud to introduce our latest product, the PDU - Power Distribution Unit. The PDU is a reliable and advanced electronic device that has been in great demand by people all around the world. With our commitment to delivering top-quality products, we are confident that the PDU will satisfy our customers. Features:

iBS consists of 80 VDC packs that can be combined like building blocks, to build battery in 22 kWh increments (44, 66, 88 kWh or higher) Same iBS can be used across all TLD electric product lines Additional packs can be easily installed on-site when needed to increase capacity of the battery for higher duty requirements, allowing for ...

FEATURES: 1) with L6-30P Input, distributed up to 10A per outlet. 2) 6 of the C13 10Amp rated connectors for powering servers Rack Mount 1U Design, circuit breaker with cover to turn on PDU.

To help our customers develop clean mobility solutions using our high-performance, sustainable battery systems, we need you! With a presence in 7 countries, we're bound to have a job for you. So apply now and help build a sustainable future. News and press releases. Keep up to date.

Such as motor control unit, battery management system, charging system, heating system,etc. PDU can also provide short circuit protection, current leaking protection and IP protection. Battery lifespan is longer and maintenance cost of EV is reduced with this unit (Easy maintenance, convenient installation, space saving and reliable electric ...

BYD launches Battery-Box Premium LVS with unparalleled ease of use and versatility for on- and off-grid installations The new model eliminates the need to open the system's Power Distribution Unit (PDU) for wiring, which revolutionizes the speed and ease of installation

Getting started; pdu unit; pdu unit - Manufacturers, Suppliers, Factory from China Our eternal pursuits are the attitude of "regard the market, regard the custom, regard the science" as well as the theory of "quality the basic, believe in the 1st and management the advanced" for pdu unit, Auto Voltage Regulator, Lithium Ion Battery 12v 200ah, Solar Bracket,120kva Servo Motor ...

High quality HV electric truck batteries 576V 614V 100kWh 220kWh lifepo4 electric vehicle battery pack with PDU from China, China's leading EV Battery Pack product market, With strict quality control EV Battery Pack factories, Producing high quality HV electric truck batteries 576V 614V 100kWh 220kWh lifepo4 electric vehicle battery pack with PDU products.

Our progress depends about the advanced products,fantastic talents and continuously strengthened technology forces for China Mining PDU and 380/415V 125A 3 Phase Mining PDU, Maintenance Free 12v 200ah Solar Battery, Low Voltage Stabilizer, Relay Control,Uninterruptible Power Supply. Only for accomplish the good-quality product to meet customer ...
