

Why should you choose Clarios?

Our mission is to create the world's best batteries, essential for the evolving future of transportation. Clarios creates the most advanced battery technologies for virtually every type of vehicle. We are a global leader in advanced energy storage solutions, powering one in three of the world's vehicles.

What is Clarios?

Clarios, formerly Johnson Controls Power Solutions, is a world leader in advanced energy storage solutions. About Clarios: They partner with their customers to meet increasing market demand for smarter applications on a global scale.

Where is Clarios located?

Clarios, formerly Johnson Controls Power Solutions, is a world leader in advanced energy storage solutions, located in Glendale, Wisconsin. The company will maintain its current global manufacturing and operations footprint, including its corporate headquarters in this location.

What drives Clarios sales?

80% of Clarios sales are driven by high-margin, non-discretionary aftermarket replacements. With strong secular growth tailwinds, we are well-positioned for the shift to more profitable, higher-margin advanced batteries. We offer multiple battery chemistries with the ability to integrate, optimize and provide software solutions.

How many followers does Clarios have?

Clarios |68,958 followers on LinkedIn. Our mission is to create the world's best batteries, essential for the evolving future of transportation. |Clarios creates the most advanced battery technologies for virtually every type of vehicle. We are a global leader in advanced energy storage solutions, powering one in three of the world's vehicles.
