

Who is cobblestone energy?

At Cobblestone Energy we are experts in trading power to support the efficient balancing of the European power grids. Founded in 2017 in the UK, we are now headquartered in Dubai, UAE, and operate in the European short-term power markets. We match the interests of power supply and demand in terms of timing and place of delivery.

How does cobblestone work?

Cobblestone has leveraged its extensive quantitative and analytical approaches gathered from long dating power experience to build and run a physical gas portfolio consisting of storage and pipelines. Moreover, by forecasting supply and demand, we trade in major wholesale European gas markets to offset grid imbalances.

Where does cobblestone trade gas?

We trade wholesale gas on all major European hubs, optimizing physical gas flows via our storage and transportation portfolio. Cobblestone has leveraged its extensive quantitative and analytical approaches gathered from long dating power experience to build and run a physical gas portfolio consisting of storage and pipelines.
