

Decorating above outdoor solar battery Electrical Box with low ceilings

Decorating the space above your kitchen cabinets is a great opportunity to enhance the look and feel of your kitchen. Whether you add storage, plants, artwork, or under-cabinet lighting, the ...

I am about to say something and most of you are probably going to disagree with me. That is I say that NFPA 70 (NEC) does not require that fire alarm devices be mounted on ...

I need a tv to flip up to the ceiling of an outdoor pavilion when not in use, and drop down and pivot when in use. The ceiling is vaulted and it needs to be motorized. Does anyone make a mount ...

But I've literally never had a solar cell / battery / LED actually die, so the important bits are pretty rugged. If you want actual output for visibility, hardwired lights on a low voltage circuit is the ...

I recently visited a friend's home where they had installed a breathtaking living wall around their electrical box, complete with a built-in irrigation system. It was a true masterpiece that ...
