

Who owns a Djibouti registered vessel?

Ownership of Djibouti registered vessels must be through a Djibouti business entity. Entities such as corporations, general or limited partnerships, limited liability companies, or qualified foreign maritime entities are sufficient for this purpose.

What is Djibouti port community system (DPCs)?

First launched in July 2018, Djibouti Port Community System, an active member of IPCSA, covers the ports of SGTD Container Terminal (former DCT), Doraleh Multipurpose Port and the Port of Tadjourah. Before its implementation, all Djibouti ports, Customs and government agencies had their own separate systems. Since 2018, DPCS has developed rapidly.

What is Djibouti's Port regeneration project?

The port's regeneration project is set to implement the Port-Park-City model, promoting the full integration of Djibouti's ports, industrial parks and services. "The regeneration of the historical port of Djibouti is the natural continuation of Djibouti's recent developments," commented DPFZA chairman Aboubaker Omar Hadi.

How is Djibouti transforming its economy?

Thus, Djibouti pegs its economic transformation on improving the competitiveness of its ports. This is evident in its ongoing \$14 billion infrastructure expansion, whose large component is going into establishment of new ports and terminals across the country's coastline.

Why is Djibouti reviving its historic port?

With the historical port's regeneration, Djibouti is eager to invest in its social and economic development, maximising its geostrategic position while diversifying the economy and attracting foreign capital. "The regeneration of the historical port of Djibouti is the natural continuation of Djibouti's recent developments"

How many bulk ports are there in Djibouti?

Djibouti so far has two operational bulk ports, Tadjourah and Goubet, specialized in potash and salt respectively. Tadjourah Port can handle 2000 tons of potash per hour while Goubet port can handle 5 million tons of salt annually, sourced from the world's largest salt deposit at Lake Assal in Djibouti.

Initially built in 1888, the historical port of Djibouti is set to undergo a renovation project that was announced by the Djibouti Ports and Free Zones Authority (DPFZA) on 8 October. How well do you really know your ...
