

Who is Dongjin group?

Dongjin Group is a company dedicated to the production, R&D and sales of lead-acid batteries, Lithium battery packs and lithium battery cells. Headquarters located in Shenzhen. Dongjin Group has established lithium battery and lead-acid battery factories in Dongguan, Guangdong Province and Xingan County, Jiangxi Province respectively.

What are Dongjin batteries?

Dongjin batteries are high-quality products from Dongjin Group, our company dedicated to the production, R&D and sales of lead-acid batteries, lithium battery, Solar Panel and Inverter. Dongjin products are widely used in solar energy storage, UPS, telecommunications, electric vehicles, outdoor mobile power and other applications.

Where is Dongjin battery factory located?

Headquarters located in Shenzhen. Dongjin Group has established lithium battery and lead-acid battery factories in Dongguan, Guangdong Province and Xingan County, Jiangxi Province respectively. The company has passed ISO9001, ISO14001 quality management system certification and CE, FCC, ROHS, UN38.3, IEC and other product quality certification.

Why should you choose Dongjin batteries?

Why DONGJIN Batteries? Dongjin batteries are high-quality products from Dongjin Group, our company dedicated to the production, R&D and sales of lead-acid batteries, lithium battery, Solar Panel and Inverter.

What are Dongjin products used for?

Dongjin products are widely used in solar energy storage, UPS, telecommunications, electric vehicles, outdoor mobile power and other applications. Dongjin Group has established factories in China and several overseas countries, and has passed ISO9001, ISO14001 and other quality certifications.

Dongjin Group was established in 1993, headquartered in Shenzhen, China, and has 30 years of extensive experience in battery production. As a global enterprise, Dongjin Group has established eight factories worldwide. ... we plan to launch a complete set of Dongjin solar energy storage products in Pakistan starting from 2023. This includes ...

Laos: Energy intensity: how much energy does it use per unit of GDP? Click to open interactive version. Energy is a large contributor to CO₂ - the burning of fossil fuels accounts for around three-quarters of global greenhouse gas emissions. So, reducing energy consumption can inevitably help to reduce emissions. However, some energy ...

DONGJIN's 12V Deep Cycle GEL Battery for Solar Power Storage is an excellent choice for standby or daily

power needs - even in the most severe conditions. Built tough with a leak-proof maintenance-free design, this battery provides both performance and long battery life.

Introducing Dongjin's new WiFi-enabled Lithium Battery! ?? Stay connected and monitor your energy storage anytime, anywhere. With its smart design and hassle-free operation, powering your home or business has never been easier! ?
