

Who is ecobat battery?

Ecobat Battery manages the procurement and sale of energy storage solutions. We supply batteries for a wide range of uses, including automotive, commercial vehicle, marine and leisure, motorcycle and industrial applications.

Who is ecobat?

Connect with one of our representatives. With operations throughout Europe and the United States, Ecobat is a leader in the collection, recycling, production and distribution of energy storage solutions, lead and polypropylene products, and other commodities essential to modern life.

What is ecobat battery recycling?

Ecobat is the world's largest battery recycler that meets essential energy storage needs by making the business of batteries safer and more sustainable for a circular energy economy. In 2021, Ecobat's lead battery recycling business fully recycled 70 million car batteries. We have a vast network that powers industries worldwide.

Who is ecobat resources?

Ecobat Resources is the leader in the responsible recycling and production of resources essential to modern life, including lead, polypropylene, and other commodities. Ecobat Logistics manages the collection of end-of-life batteries as part of our commitment to supporting the closed-loop management and recycling of energy storage solutions.

What does ecobat do?

Ecobat is developing advanced technologies and processes for recycling and resource recovery for Lithium-ion and other battery chemistries. In addition to collection, dismantling, and diagnostics, we now offer crushing and sorting services. Local presence. International impact.

What has ecobat done for the battery industry?

Ecobat continues to make headlines for breakthroughs in lead production and recycling. Discover what we've accomplished lately and our impact on the industry. For 30 years, our worldwide engagement with researchers has led to more efficient battery performance.

Ecobat is a world leader in the production of lead, lead alloys, and the recycling of lead batteries. Our vast network features 11 smelters across two continents with an average annual output of 840,000 tons of lead. Our production is matched ...

With operations throughout Europe and the United States, Ecobat is a leader in the collection, recycling, production and distribution of energy storage solutions, lead and polypropylene products, and other commodities essential to modern life.

Con attivit&#224; in tutta Europa e Stati Uniti, Ecobat &#232; leader nella raccolta, riciclaggio, produzione e distribuzione di soluzioni di accumulo di energia, prodotti in piombo e polipropilene e altri prodotti essenziali per la vita moderna. Stiamo anche ...
