Driven by a mission to strengthen and build sustainable communities, ENERCON supports our employees in their drive towards positive change. As a company, we support our people across the country, who are actively involved in community-building programs. Our teams are proud to support many charities in their local areas, including:

ENERCON began its road to economical / ecological success when graduate engineer Aloys Wobben founded the company in 1984. A small team of engineers developed the first E-15 / 16 wind turbine with a rated power of 55 kW. To start with, ENERCON systems still featured gearboxes. However in 1992, the changeover to gearless technology came about with the first ...
