

Do you have the Right Foundation for your energy storage project?

When it comes to energy storage projects, having the right foundation involves careful planning upfront. But each site is different, requiring careful consideration for details like the types of equipment being supported, site location and geologic factors.

What is a battery energy storage system (BESS) e-book?

This document e-book aims to give an overview of the full process to specify, select, manufacture, test, ship and install a Battery Energy Storage System (BESS). The content listed in this document comes from Sinovoltaics' own BESS project experience and industry best practices.

Why should you choose a battery energy storage system supplier?

Sinovoltaics' advice: the more your supplier owns and controls the Battery Energy Storage System value chain (EMS, PCS, PMS, Battery Pack, BMS), the better, as it streamlines any support or technical inquiry you may have during the BESS' life. COOLING TECHNOLOGIES

What happened to energy storage systems?

Industry attention was also devoted to the effectiveness of applications and the safety of energy storage systems, and lithium-ion battery energy storage systems saw new developments toward higher voltages. Energy storage system costs continued to decline.

What should be included in a contract for an energy storage system?

Several points to include when building the contract of an Energy Storage System:

- o Description of components with critical technical parameters: power output of the PCS, capacity of the battery etc.
- o Quality standards: list the standards followed by the PCS, by the Battery pack, the battery cell directly in the contract.

What is factory acceptance testing (FAT)?

FACTORY ACCEPTANCE TESTING (FAT) The Energy Storage System is fully assembled, and the supplier can proceed with the Factory Acceptance Testing (FAT). Sinovoltaics' advice: If you can be there for the Factory Acceptance Test, try to join. You will be able to see your Battery Energy Storage System for the first time.
