

Who is developing structures a & e gas fields in Libya?

Eni and NOC signed an agreement to develop the Structures A and E gas fields in January 2023. Credit: Eni. Structures A and E gas fields are being developed offshore of Libya by Mellitah Oil & Gas, a 50:50 joint venture between oil and gas company Eni and the National Oil Corporation of Libya (NOC).

Did Eni & BP reopen oil exploration in Libya?

Italian energy company Eni and British oil giant BP have resumed exploration in Libya after onshore drilling was halted in 2014, Libya's national oil corporation (NOC) said on Saturday.

When will Libya's Oil & Gas project start?

The project is the first major offshore development in Libya since 2000 and is expected to come onstream in 2026. It will increase gas production supply to the Libyan domestic market while also exporting gas to Europe. The fields are expected to commence production in 2026.
