Employees Size ...

Energy in Equatorial Guinea is an industry with plenty of potential, especially in the fields of oil and natural gas. However, production has been declining in recent years due to under-investment and lack of new discoveries. In 2022, the country produced less than 100,000 barrels of oil per day (bopd) according to OPEC [1] data.

Equatorial Guinea is among the largest oil producers in Africa, with an output of 280,000 bopd in 2016. Menu mobile. Home News Interviews Markets Companies Events Buy reports ... Panoro Energy secures rig for Equatorial Guinea campaign. Equatorial Guinea - April 24, ...
