

What is the energy supply of Brunei Darussalam?

In 2015,the total primary energy supply (TPES) of the country for both energy sources was 3.26 million tons of oil equivalent(Mtoe) in total,with 3.07 Mtoe or 94.3% from natural gas (Table 3.1). Brunei Darussalam has 922 MW of installed capacity in power generation of public utilities,including a solar photovoltaic (PV) at 1.2 MW.

How much energy does Brunei need?

In 2005,Brunei's total energy needs was 2,435 KTOE. As of 2022,approximately 127,000 barrels of oil and 243,000 barrels of natural gas equivalent are produced daily by Brunei's oil and gas fields. An refinery used for the oil field in Seria. In 2005,oil supplied 24.4% of Brunei's total energy needs.

Is Brunei a natural gas or oil based country?

Brunei's total primary energy supply (TPES) and total final energy consumption (TFEC)'s historical oil and gas trend,particularly,80% and 20% of TPES are made up of oil and natural gas,respectively. Oil saw annual increase of 0.7% from 2010 to 2017,however natural gas saw annual growth of -0.9% because of a decline in natural gas output.

Does Brunei Darussalam have a minimum energy performance standard?

This standard would require manufacturers,suppliers,wholesalers,and retailers in Brunei Darussalam to import and sell electrical appliances that meet consumers' Minimum Energy Performance Standards.

How to drive Brunei Darussalam's economy into a sustainable future?

To drive Brunei Darussalam's economy into a sustainable future,Brunei Darussalam supports the implementation of strategies related to energy security,diversification of supply,energy efficiency and conservation. Reduce energy intensity by 45 percent by 2035. [...]

Why is Brunei focusing on developing downstream energy industries?

The country is focusing on developing downstream energy industries by maximising economic spin-of potentialfrom upstream production and assets. Brunei Darussalam aims to reduce its energy intensity by 45% in 2035 from the baseline year of 2005,in line with its regional commitment to the Asia-Pacific Economic Cooperation.
