

Who is building the largest solar project in Trinidad and Tobago?

Today, the Government of Trinidad and Tobago has officially given the green light to project partners, bp, Shell and Lightsource bp to begin construction of the largest solar project in the Caribbean.

Why should you choose geenex?

Geenex is committed to responsible solar development that ultimately preserves the farmland upon which it is installed. Solar development is a non-invasive, environmentally conscious way to preserve farmland. We work hand-in-hand with our landowners to identify a meaningful and profitable future for their family's investment in their land.

Is Trinidad ready for more solar power?

Every person involved in the process has certified solar installation training. Didn't know that was a thing in Trinidad, right? We're definitely ready for more solar power to make a better, more eco-friendly and sustainable world for us all. We understand that solar power is a bit more expensive than other power systems.

Is Trinidad and Tobago achieving net-zero?

Minister of Planning and Development, the Honourable Camille Robinson-Regis, stated: "The Government of Trinidad and Tobago is committed to implementing its obligations and commitments under the Paris Agreement, which includes achieving net-zero in the second half of this century as a national priority.
