Hi, just signed up especially voor de Deye inverter owners. I have the 6K-SG04LP3-EU and bought this because of the possibility to use regular 48V batteries. It will be a on-grid installation. But before I install all cables etc. I want to know how this inverter works regarding the "backup load" en "On-grid home load".

Homeowners can install a battery energy storage system alongside solar panels or other renewable energy sources to store excess energy for later use. This enables better energy management and can help reduce ...
