

ITECH POWER is one of the leading BPO and IT Solutions providers. We offer a 24/7 global helpdesk and three fully integrated state-of-the-art logistically disparate facilities with experienced professionals assisting customers in driving escalating business growth.

When it comes to power supplies and loads, the manufacturer ITECH offers an extensive range of standard and specialized devices for such test applications. The power classes range up to the high, three-digit kW range. ITECH also offers interesting solutions especially for testing solar cells, arrays and their peripherals.

ITech Power Solution consist of a team of electrical engineers, skilled personnel for electrical and PV installations. Moreover, thanks to our selected team of Energy Technology specialists collaborating with financial consultants, we can ...

Get Itech IT6000C Bidirectional Programmable DC Power Supply, Output Voltage: Max. 2250 V at best price in New Delhi, Delhi by SPI Engineers Pvt. Ltd. and more distributor / channel partners | ID: 21713171755 ... SPI Engineers Pvt. Ltd is a Solution Provider for Test and Measuring Instruments for last 20 Years. We are Authorized Distributors ...

ITECH provides ITS9500 power supply test system.-ITECH Electronics Co., Ltd. ... AC charging device test system, which greatly help users save space, control costs and improve test efficiency. ITECH power test solutions are suitable for testing in areas, such as various AC and DC power supplies, chargers, communication power supplies ...

With only 3U size, ITECH IT7800 programmable AC power source can reach both 15kVA for power and 350V L-N/ 500V L-N for voltage. Compared with conventional AC source, it saves a lot of space for users. ... In the traditional solution, 3 tests for the DUT, the user needs to configure 3 AC power supplies; and one IT7800 device can meet multi ...

Your Power Testing Solution ITECH provides professional solutions to automotive electronic devices,e.g car audio and GPS. Our IT6500 series power supply built-in DIN40839 and ISO16750-2 waveforms, which simulate various disturbance situation of car. ... 2- ITECH solution: IT6500C provides fast and seamless switching between

ITech Solutions and Service Express are now integrated; find solutions, service, and supported products here. ... iTech Solutions brings 20+ years of IBM Power®; and IBM i expertise to Service Express. Integrating iTech with Service Express ...

ITECH - Power Testing Solutions. ITECH is a professional global power electronic instruments manufacturer with its main principle being "Customer oriented". With continuous improvement and innovation, ITECH's wide range of products series and power electronic testing solutions aim to promote the worldwide user testing experience to newer ...

IT-M3100D dual-channel programmable DC power supply, only 1U half rack, provides fully isolated dual-channel output. The automatic wide-range design can provide you with higher voltage and current output, so one unit can cover a wide range of applications. Its flexible modular design, independent multi-channel design and simultaneous operation function allow you to ...

At Itech Power Solution, we are not just another solar company. We are the pioneers of solar energy in Pakistan, offering a wide range of services including installation, maintenance, and more. Our team of experts is committed to delivering cutting-edge solar solutions that meet the unique needs of our customers and contribute to a cleaner ...

VP of Sales at ITECH POWER SOLUTIONS · & lt;br& gt;I& #39;m Zaheer, a dedicated and results-driven Vice President of Sales with over 2 years of experience at Itech Power Solutions. I& #39;m passionate about harnessing technology to deliver sustainable energy solutions that drive success for our clients while positively impacting our planet.& lt;br& gt;& lt;br& gt;Professional ...

In a stride towards innovation, ITECH has introduced the IT6600 DC power supply series, heralding a new era of graphical DC power solutions. This series not only signifies a breakthrough in technological advancement but also sets unprecedented standards for user-friendliness and environmental sustainability.

With ITECH's latest technology, the IT6500 series offers a full-featured high-performance power test solution. Its fast response time provides users with a new level of power supply performance. From 800 W to 6 kW, the maximum output voltage and current are up to 1,000 V and 240 A, respectively.
