

Can private investment help solve Haiti's energy crisis?

"We have had this energy crisis for a long time, more than 20 years," says Evenson Calixte, managing director of Haiti's Autorit   Nationale de R  gulation du Secteur de l'Energie (ANARSE), the nation's energy regulatory authority. "And we believe that one element that can help reform this sector is private investment."

Why is Haiti struggling to modernise its energy sector?

Haiti's recent battles to modernise its energy sector serve as a stark lesson for how fraught the business of energy transition can be. In the wake of the scandal, the struggle to provide Haiti's 11 million people with reliable energy - and the desire to attract foreign investment to do so - has taken on an evermore politically charged hue.

Does edh sell electricity in Haiti?

More than two years after the 2010 earthquake, Haiti's energy supply remains a significant challenge. "EDH van kouran, EDH pa fe kado kouran" (EDH sells electricity, EDH does not give away electricity) can be read on the shirts of participants at an awareness-raising activity in Cayes on the need to pay electricity bills.

Does Haiti's Mose need energy?

For Haiti's Mo  se, who has made the provision of energy nationwide the cornerstone of his presidency, the promise has taken on added urgency as the nation approaches general elections slated for 2021.
