

Who is Ametek HDR power systems?

Experience: AMETEK HDR Power Systems has experience in developing custom rectifiers for the electro-chlorination process. Also, AMETEK HDR's Columbus, OH location is a UL508A shop that can design and manufacture power products for the hazardous location and certify them to Class 1 Div 2 / Zone 2.

What products does Ametek HDR offer?

AMETEK HDR has a suite of product portfolio including SCR,PWM and VRTthat can be deployed for the electro-chlorination /electrolysis process depending upon specifications and customer requirements.

What types of controls does HDR offer?

HDR offers the broadest selection of standard controls with UL,CSA,cUL and CE Approvals. We also offer many custom designs and options. Typical applications include: kilns and ovens,environmental chambers,extruders,molding equipment,autoclaves,furnaces and dryers.

Solar Power Systems. Electricity from the sun is one of the cheapest power sources. It offers high value investment is reliable and 100% green. ... use of a solar powered water pump. Borehole drilling. In order to improve access to ...

They have encountered and solved a variety of technical problems involving process power distribution, harmonics filtering, and power factor corrections. With an accomplished 24/7 Service and Technical Support team, HDR invites you to discover the advantages of doing business with us, and find out why we're are called &quot;The Preferred Source.&quot;

Voice of Customer: AMETEK HDR Power Systems has interacted with various key players in this industry over the last 20+ years. We understand the needs and importance of keeping a plant running as well as creating a Power Control System that is both easy to use and feature rich. Features include:

Headquartered in Columbus, OH, AMETEK HDR is a recognized world-class manufacturer of electronic equipment for specific markets and special applications. Ametek HDR SCR Power Controls are high quality, industrial grade products designed to operate reliably for many years in process environments. Application notes: Understanding SCR Power ...

The HDR power system has its unique characteristics, and the operation mode of the HPS integrated with HDR is different from other systems. In the research on HDR power systems, the operation strategy of HDR is rarely considered to stabilize the fluctuation of the integrated PV plant, increase the credible capacity, and improve the system's ...
