This beautiful DIY Dollar Store Solar Garden is the perfect way to add a little decor to your front or back porch. Plus, you can make this DIY with items from the Dollar Store, making it a great frugal DIY. Supplies Needed: INSTRUCTIONS 2. DIY Solar Light Mason Jars

How do I install solar powered lights?

If you're putting DIY solar powered lights in a vehicle or insulated building, I'd recommend using a solar cable entry gland. Locate the solar terminals on your charge controller. They are usually labeled with a solar panel icon or the letters "PV".

How to use a solar bottle lamp?

Take an empty soft drinks bottle and clean it thoroughly. Fill the bottle with water and add a few drops of chlorine to avoid algae formation. Close the bottle with Solar Bottle Lamp and your lamp is ready. Before first use, charge the battery by placing the bottle lamps in bright sunlight for at least a day.

Can a solar lamp be made from a plastic bottle?

By combining the Moser Bottle concept and my Solar Bottle Cap, a powerful lamp can be made. Benefits: Reusing plastic bottles can significantly reduce pollution, greenhouse gas emissions, and energy usage. The use of the solar lamp will decrease the amount of local air pollution and saves energy.
