

Who is ematrix energy systems?

eMatrix Energy Systems, Inc. | 877 followers on LinkedIn. Our mission is to supply everybody, everywhere with custom batteries to power any project. eMatrix's unique combination of patented designs, efficient manufacturing, and an agile engineering team allows us to easily and affordably adapt our products to each customer's needs.

What are ematrix battery pack systems?

eMatrix's modular battery pack systems feature a unique pack design easily assembled to scale to customer needs, uses standard battery cells and are controlled with a unique Battery Management System designed to optimize thermal performance. The resultant system is scalable, flexible, lower cost and drives better efficiency in performance.

Why should you choose ematrix?

eMatrix's unique combination of patented designs, efficient manufacturing, and an agile engineering team allows us to easily and affordably adapt our products to each customer's needs. Our plug-and-play battery hardware and software solutions are designed to save you time, money, and launch faster.

Why is ematrix partnering with Linamar?

"We are excited for the scale and manufacturing expertise that Linamar brings to this alliance," said Idan Kovent, President and CEO of eMatrix. "We have developed a groundbreaking energy storage system that is easier to modify and scale, so it fits an exceptionally wide range of potential applications."

Who is ematrix & Linamar?

GUELPH, ON, Sept. 28, 2021 /PRNewswire/ - Linamar Corporation (TSX: LNR) today announced that it has entered into an exclusive Manufacturing and Licensing Agreement with Michigan-based eMatrix Energy Systems, Inc. to gain access to leading modular battery pack technology.

BESS is the first high voltage battery energy storage system in Hong Kong. Throughout the project stages from feasibility study and design to installation, testing and commissioning, the ...

In addition, the eMatrix proprietary battery management system offers a fully integrated plug-and-play solution that ensures safe and efficient energy system performance over the long term.

eMatrix Energy Systems Inc. ("eMatrix") starts as a division of ALTe Powertrain Technologies, Inc. ("ALTe"), a system integration company led by a group of ex-Tesla executives and engineers. Idan Kovent, Matt Griffith and Marc Spezia ...

eMatrix Hardware The eBrick(TM) - A Smaller, More Flexible, and Faster to Market Battery We know that

manufacturers need affordable battery packs that fit demanding space and energy needs. Our eBrick is smaller and more versatile ...
