The solar farm will participate in the Feed-in Tariff (FiT) Scheme of CLP Power Hong Kong Limited. At the same time, SUNeVision, a subsidiary of SHKP and Hong Kong's largest data centre provider, will purchase CLP Renewable Energy Certificates (RECs) linked to the solar power generated by the solar farm.

We mainly manufacture and distribute the PV products like solar modules, solar kits, solar cells, LED etc. For the solar modules, we supply not only the typical size 250-315W modules, and also the smaller size modules like 5W, 10W, 30W, 50W, 100-150W etc both poly and mono. with the aim of making the solar energy easier accessible, friendly to ...

Brief scrutiny of Hong Kong solar market Most people tend to attach Hong Kong to Mainland China. However, the relationship between the two is pretty complex. Essentially, Hong Kong enjoys executive, legislative and judicial independence. Therefore, its solar market is different from the Mainland China market. The independent city hopes to achieve carbon neutrality by ...
