Not Obtaining The Proper Permits  
Poor Site Preparation  
Not Following Directions  
Not Following Safety Procedures  
Not Fully Planning The Project  
Your building kit package will come with detailed directions. In the strongest terms, we recommend that you follow the construction process outlined in the instructions point by point, no matter how experienced you are with do-it-yourself projects. Failure to follow directions could mean accidents or a building that hasn't been put together correct...
