

Mark Meyer Construction In this video, I show you how to use one type of drywall anchor by hanging a 5 hook coat rack purchased at Home Depot. This anchor is rated for 75 lbs. Thanks for watching!

We hope this helps you as you install your Ring Video Doorbell 2 on the brick part of your home. If you have any questions, leave comments below and we would love to answer them.

You might find it scary or even impossible to hang something on a brick wall, but it can be done. If you need to hang heavy objects or ensure the object is secure on the wall, use screw-in anchor hooks. All you have to do is pre-drill...

Today I will be showing you how to change batteries from a lego light brick. I will be doing a tutorial on how to build a fireplace upnext...so make sure you subscribe bye and see you guys next ...
