

How to store energy for the fearless ultimate

What is the best way to store energy?

Best method of storing energy. Cheap. Choose one. The best methods in modded MC of storing energy have to be the gregtech AESU/IDSU or the Electricraft Auroral battery. Both are stupidly expensive. I was just playing modded minecraft and was wondering what the best way to store energy is, preferably something cheap to make but holds lots of power.

Would you add energy storage to e-flux?

A nice thing about the Extra Utilities generators is that they hold the RF they generate (up to 500,000 I think). Speaking of, maybe @ Strikingwolf would consider adding energy storage to E-Flux. I would store my power in the Mekanism Energy Cubes, if I ever wanted to be efficient about it.

How many RF can a Mekanism battery store?

It can be charged in an Energy Cube and can be placed in all Mekanism machines that require power to provide power to that machine. It is capable of storing up to the equivalent of 400,000 RF. As with all Mekanism items, it is capable of being charged with any type of power that an Energy Cube can accept.
