

Why should you choose IHI terrasun?

Trusted lifecycle services for battery energy storage projects. Innovative design, integration, software, and field engineering solutions that advance the renewable energy transition IHI Terrasun maximizes your return on project investment -- now, and for the long-term.

Is IHI a company?

IHI Inc. has been renamed IHI Americas, and still provides the link between us and IHI Corporation. We have incorporated as a stand-alone company, IHI Terrasun Solutions, Inc. a subsidiary of IHI Americas (IAI), which is in turn a part of IHI Corporation. What does Terrasun do? We are evolving into a solar +storage lifecycle services provider.

What makes terrasun a great energy storage company?

With 320+MWh of energy storage installed and contracted across North America, Terrasun is positioned to advance energy storage in the region. Over 70% of these projects are solar +storage, with the majority using DC-coupled technology, which highlights Terrasun's core expertise.

Founded in 2014, Terrasun is a subsidiary of a Tokyo-based energy and industrial processes conglomerate IHI Corporation. Terrasun was formed in Cambridge, MA by a team of engineers who wanted to make a resilient and sustainable energy grid by delivering high value storage systems to the market.

IHI Terrasun's game-changing Assured Procurement solution for direct battery procurement slashes negotiation and contracting time, cuts costs, and reduces risk. Comprehensive Lifecycle Solutions From 24/7 monitoring to multi-year warranties and from corrective to preventive maintenance, our comprehensive lifecycle solutions have your project ...

IHI Terrasun specializes in integration, power plant software and lifetime services for large scale energy storage projects. Tell us about your next project. In our newsletter, we discuss the latest trends in energy storage, expert insights on the evolution of clean energy development, and share company highlights. Contact our sales team directly by submitting information about your project.
