

Who owns ampyr solar Europe?

LONDON, Feb. 16, 2022 /PRNewswire/-- AMPYR Solar Europe ("ASE") LP, a pan-European solar IPP established by AGP Sustainable Real Assets, Hartree Partners and NaGa Solar, today announced the closing of a EUR 400 million facility with CarVal Investors ("CarVal") to support ASE's plans to bring over 2GW of solar power capacity into operation by 2025.

Why does ampyr solar Europe need a financing facility?

Alexander Koeman, Managing Director of AMPYR Solar Europe Netherlands, said: "Securing the financing facility enables AMPYR Solar Europe to start construction of the first set of Dutch Solar PV assets; this will help accelerating our long-term plans in terms of portfolio growth in particular and the renewable energy transition in general."

Will ampyr solar Europe become a leading European IPP?

AMPYR Solar Europe is on the path to becoming a leading European IPP, part of Europe's commitment to becoming carbon neutral by 2050. These ambitions face potential supply resilience risk, considering the heavy dependency on imports for key components such as PV modules, inverters and battery cells.

Who is ESI & ampyr solar?

ESI is led by veteran renewable energy developer and entrepreneur Henny Pelsers who founded and led NaGa Solar, a distinguished project developer specialising in large-scale solar projects within the Netherlands and Germany with over two decades of project development experience, before its amalgamation into AMPYR Solar Europe. Mr.

Who represents ampyr solar Europe?

Law firm Osborne Clarke provided legal support to AMPYR Solar Europe, whilst Rabobank was represented by Clifford Chance. In addition to the assets under construction, AMPYR Solar Europe has a development pipeline of over 1 GWp in the Netherlands, and an aggregate pipeline of over 6 GWp including Germany and the UK. About AMPYR Solar Europe

Why do ampyr solar Europe need a partner like Rabobank?
