

Who is intilion?

It is specialised in the supply and installation of lithium-ion energy storage solutions with storage capacities ranging from 70 kWh to 100 MWh. Both standard and customised solutions are offered for commercial, industrial and grid applications. visit [INTILION.com](https://www.intilion.com)

What is intilion energy storage?

INTILION offers you innovative and clean lithium-ion energy storage solutions for stationary energy storage.

What services does intilion offer?

INTILION offers large-scale storage projects including comprehensive project management services and a full range of grid hookup options (inverter, transformer, switching stations, assembly, and more). The HOPPECKE Group's lithium-ion activities are pooled in INTILION GmbH, a new company with three business fields: truck, grid, and rail.

What is INTILION's mission?

INTILION's mission is to help shape the future together as a team of diverse people. We work with passion and integrity to advance the energy transition and make a sustainable contribution to our society and the environment. We appreciate diversity: every person at our company and in society is valuable.

How many followers does INTILION have on LinkedIn?

INTILION has 5,295 followers on LinkedIn. INTILION provides innovative, highly scalable and integrable energy storage solutions with a comprehensive range of services, primarily for use in commercial, industrial and grid applications.

What is intilion's sustainability strategy?

At INTILION, sustainability is part of our DNA. Last year, we integrated it into our business model with our ESG strategy. This strategy is based on five pillars: Employees, Governance & Compliance, Environment & Society, Customer & Products, and Supply Chain. These pillars form the foundation of our commitment to sustainability.
