

Where in Iraq will new electricity transmission substations be built?

By next summer,Basra,Amara,Dywanian,Kut,Hilla,Nassriyaand other areas in Iraq,will house new electricity transmission substations that will bring reliable power to millions of people and help industries grow. Vice President,Grid Stabilization,Siemens Energy Middle East.

How will substations affect Iraq's power infrastructure?

The substations will strengthen the country's power infrastructure as part of an agreed roadmap for the electrification of the New Iraq. When fully commissioned,the substations will help to deliver enough power to the national grid equivalent to the electricity needs of more than two million citizens.

Why did the Iraqi government get a follow-up order from Siemens Energy?

Customer satisfaction with the Siemens Energy products and the joint project execution of the Dresden factory as well as the Siemens Energy team located in Erlangen,Abu Dhabi and Iraq paved the way for a follow-up order by the Iraqi government for the Al Hamudhia (north-west of Baghdad) region. It includes the supply of 10 additional transformers.
