The project is one of several large-scale BESS projects being developed across Germany by Eco Stor, a German-Norwegian firm which was recently acquired by investors X-ELIO and NIC. Several of these projects are 300MW/600MWh systems, part of its "Eco Power" series, on which the company aims to start building the first in late 2024.

It revealed ECO POWER THREE in July, an identically-sized system aimed for completion in 2025 at a site in Saxony-Anhalt, as reported by Energy-Storage.news at the time. As with ECO POWER THREE, ECO ...
