

The symmetrical supercapacitor assembled with TEBAF 4 /AN electrolyte has a specific energy of 43.9 Wh kg<sup>-1</sup> at 375 W kg<sup>-1</sup> and retains 90.1% of its capacity after 10,000 cycles. This ...

On 2 Dec., Gansu Jintuo Lithium Battery New Energy Co., Ltd. (Jintuo Lithium Battery) held a commissioning ceremony for its 2GWh/a LFP prismatic energy storage battery production ...

Once up and running, Jinche's project will be the largest site in Northwest China for the production of energy storage batteries. Its annual total industrial output value could reach RMB 20 billion, its annual sales revenue ...

Flexible energy storage electronics are gaining increasing attention in recent years, but challenge still remains in obtaining fiber-shaped devices with both high specific capacitance to provide a ...

Gansu Jinche Energy Storage Battery Technology Co. Ltd. announced on September 12, 2021, that it will set up an LFP battery manufacturing project in China's Gansu Province. The project will be located ...

??? ??????:?????????:?????????:????????;?????????????:jintao.huang@gdut .cn????:???? ...

A critical review on the recent advances in carbon-based metal-free catalysts for fuel cells and metal-air batteries, and discusses the perspectives and challenges in this rapidly ...
