Are deep cycle lead acid solar batteries cheaper in Kenya?

Deep cycle lead acid solar batteries for sale in Kenya cost more than the car lead acid batteries do. However, they are more affordable than solar lithium ion batteries. The lead acid batteries for solar are valve regulated lead acid batteries (VLRA) meaning they come sealed so gases from the reactions cannot escape.

Which companies provide solar panels in Kenya?

Patabay is a trusted online shop that partners with several leading solar panel companies in Kenya to meet their customers' needs. Among these companies are The Germans, who are globally known for their best products of PV components.

How does deep cycle technology affect solar battery prices in Kenya?

Deep cycle technology allows a solar battery to be discharged slowly over a long period of time until it has nothing left to give and then recharge and be ready for use again. The deep cycle technology affects not only performance of the solar batteries but also the solar battery prices in Kenya.
