

Will Komatsu Buy American battery solutions (ABS)?

Komatsu, a global leading manufacturer of mining equipment, announced on Monday it has agreed to acquire Detroit-headquartered battery manufacturer American Battery Solutions (ABS). The transaction is expected to close on Dec. 1, 2023.

Who is American battery solutions?

American Battery Solutions ESS Division Spins-off; Forms American Energy Storage Innovations, Inc. Learn More. American Battery Solutions is an industrial and commercial lithium-ion battery manufacturer. Contact us for high-quality battery systems for use in electric vehicles and more.

Who owns American battery solutions (ABS)?

Hiroyuki Ogawa, president and CEO, Komatsu Ltd. (left) and Subhash Dhar, founder, chairman and CEO, ABS (right) (Photo: Business Wire) Komatsu, a global leading manufacturer of mining equipment, announced on Monday it has agreed to acquire Detroit-headquartered battery manufacturer American Battery Solutions (ABS).

Who makes lithium-ion battery systems?

We engineer, develop and manufacture lithium-ion battery systems--for electric vehicles, electrified transportation, and the industrial & commercial markets. ABS specializes in both industrial and commercial battery systems.

Will Komatsu quadruple its battery production capacity?

Komatsu will quadruple the battery production capacity of its U.S. subsidiary. American Battery Solutions ESS Division Spins-off; Forms American Energy Storage Innovations, Inc. Learn More. American Battery Solutions is an industrial and commercial lithium-ion battery manufacturer.

What will Komatsu do with ABS batteries?

The first equipment with ABS' batteries produced will be used to power mining equipment in North and South America, where demand for electrification has been increasing. In the future, Komatsu will aim to expand the use of batteries in construction equipment and to establish a global supply system.

The mining and construction opportunities provided through Komatsu will enable ABS to position itself as one of the world's leading providers of battery systems in both on-highway and off-highway markets.
