

What is Kiribati integrated energy roadmap?

The resulting Kiribati Integrated Energy Roadmap (KIER) highlights key challenges and presents solutions to make Kiribati's entire energy sector cleaner and more cost effective. As a small, remote island state, Kiribati is highly dependent on imported energy supply. Electricity is one of the government's largest expenditures.

Why are there no independent power providers in Kiribati?

Also, despite the potential for revenue generation from the high electricity costs, there are currently no independent power providers in Kiribati. Barriers to private sector investment include (i) lack of an enabling policy and regulatory framework, (ii) credit worthiness of PUB as an off-taker, and (iii) small transaction sizes.<sup>8</sup>

How did Kiribati get a grant co-finance?

The Government 24 Project Administration Manual (accessible from the list of linked documents in Appendix 2). of Kiribati requested grant co-financing equivalent to \$3.7 million from the Strategic Climate Fund,<sup>25</sup> and \$2.0 million from the Government of New Zealand through the Ministry of Foreign Affairs and Trade, both to be administered by ADB.
