

Unleash Endless Possibilities with AC500 plus B300S: a high-watt solar-powered generator combo that's hard to find with most portable power station brands. The AC500 is designed to be 100% modular, relying on the external B300S battery to store energy and provide maximum flexibility to customize its capacity up to an enormous 18,432Wh.

By daisy-chaining power extensions, a stackable portable power station can support up to 35,840Wh power. The surge power of 10,000W and output power of 5000W make these batteries ideal for expanding the runtime of your portable power station. With the option to stack up to six batteries, you can tailor your power solution to suit your specific ...
